

TRY TO REMEMBER

'70

highlander '70
pikeville college
pikeville, kentucky

life's mirror
reflects our
yesterdays

time to see trees
rusting again
and to climb hills

and to bite
red apples

autumn comes and
butterflies know
and flap
along
their metamorphic
way

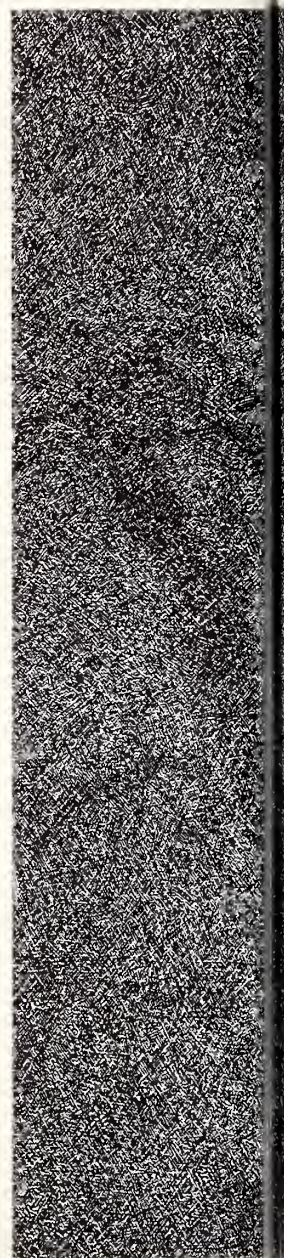

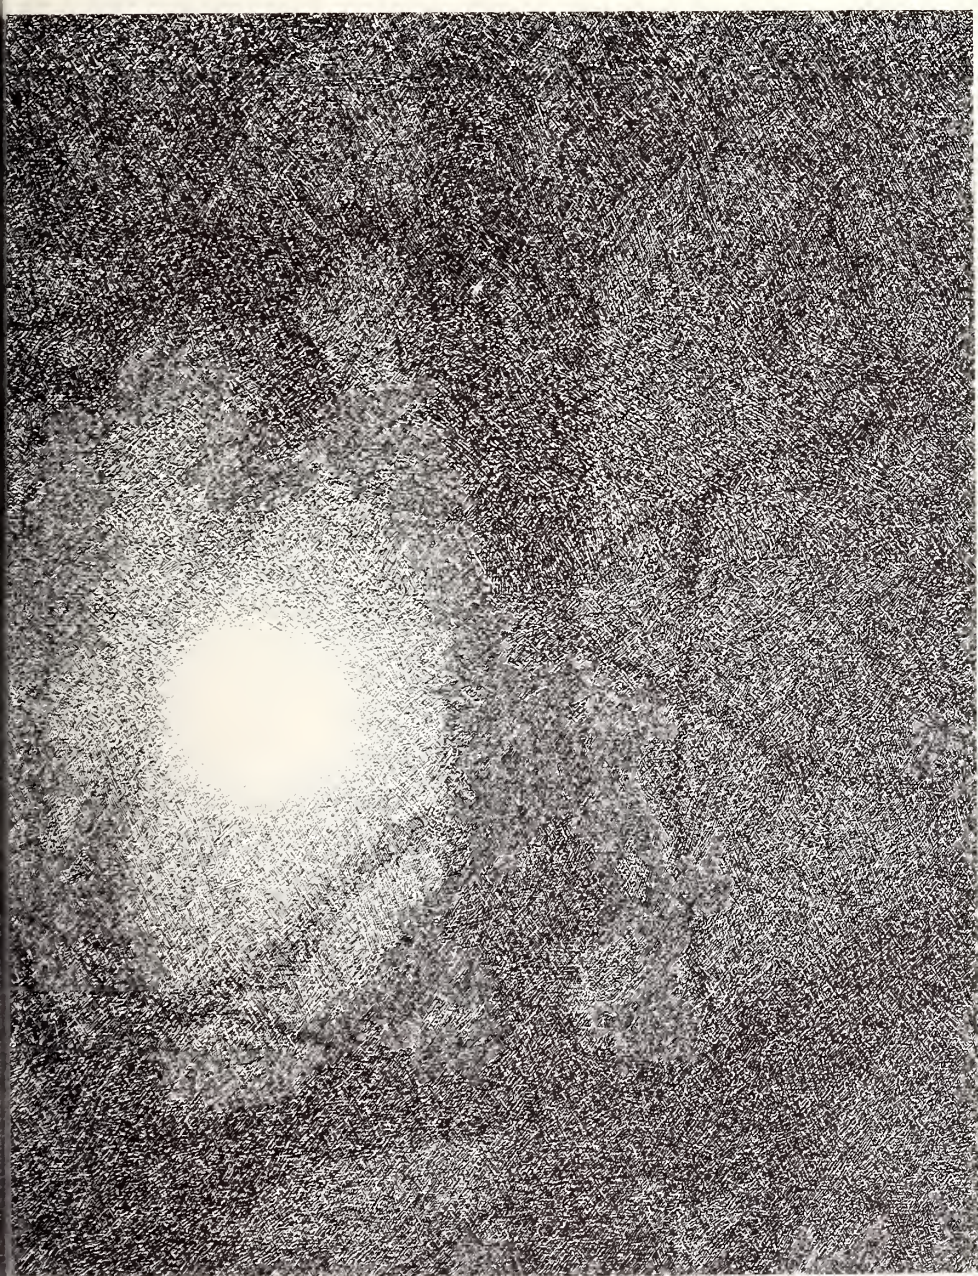

they
remember
spring's new warmth,
breaking
silken bonds to see
the sun

and we ...

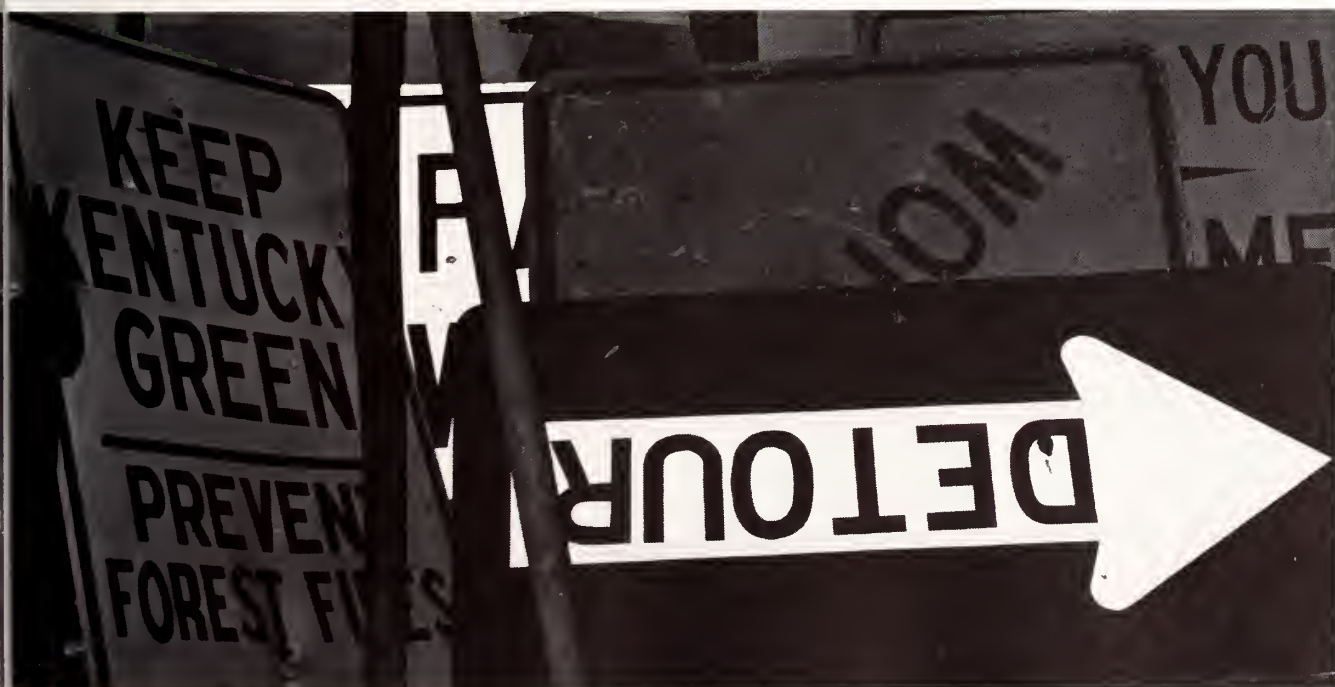

we remember
sun too, and moon
and stars
passing
becoming each the
other

eroding
particle
after
particle, our lives.
